

## IGCSE Results 2011

We are delighted to publish the results from the examinations this year. The teachers and students worked extremely hard during a difficult time for everyone living in Egypt. In addition all the students have English as a second language but are achieving their grades within a worldwide system that every child in the UK is also involved. The grading system for IGCSEs is the same worldwide therefore a student achieving an A grade here in El Gouna has achieved the same level as students in the UK and any country offering the British education system. Students at this school take Edexcel and Cambridge International Examinations.

The overall picture for IGCSE results at El Gouna International School was:-

IGCSE pass rate 100%

IGCSE A\* - C pass rate 86%

IGCSE A\*/A grade pass rate 41%

The overall picture for all IGCSE results worldwide was:-

IGCSE pass rate 92.7%

IGCSE A\* - C pass rate 69.8%

IGCSE A\*/A grade pass rate 23.2%
